

BE A HERO

Robin Hood is a do-gooder, a fighter for justice, and a bringer of peace. You can have a positive influence, just like Robin Hood. How do your actions affect the actions of those around you?

Look at this example target. How does action 1 help make action 2 happen? How does 2 help 3?

Fill in the other targets with your ripple effect on the world around you. Write your action on the arrow, the action that might follow from it in the second ring, and then the new action that might follow from that in the outside ring.
