

SHARING THE GARDEN

In *The Garden of Rikki Tikki Tavi*, Rikki meets animals who are different, but who have a lot in common too. We are each different from our friends and family, but we also share a lot in common with them.

Fill this first garden by writing down things you like to do. Do you like to read? Play at the beach? Draw? Then put it in your garden!

Write the name of a person you know in each of the other gardens. Fill their garden with things that you think they like to do. Are there any words that are in both your garden and one or more of theirs? Circle them!
